Industry Partners and Colleagues,

Allow me first to introduce myself as the new permanent Field Manager of BLM-Oklahoma.

If I may, it is a goal of our office to improve, enhance and streamline our regulatory compliance mission. It makes good sense—strategically and financially. A synergistic collaboration with you will help us to, a) foster creativity and teamwork, and b) expand our professional networks.

I would hope this is also a vision of yours.

To advance this synergy, I would like to invite you join the BLM Oklahoma Field Office in welcoming our State Director, Amy Lueders to Oklahoma. Director Lueders will be visiting our field office shortly after Memorial Day. We have set aside the morning of Thursday, June 1 for an Industry Partners Meeting. I hope you are able to attend.

Attached is an invitation. Feel free to share it within your organizations.

Please RSVP to me at this address if you plan to attend, for event planning purposes.

Micki,

I asked for this information last week and was told that Verizon has an expected date of July to start work on this project. I told the folks in engineering here that this was not acceptable and we needed to let Verizon know that we will need something much sooner than that. I'm supposed to get an update this week from DIRM staff.

Thanks,

Bob

Greetings:

Attached is a spreadsheet that my staff has generated and refreshed today.

It is in order of dates of APD acceptance, earliest to latest.

Color coding: Green means work done. Red means work not done.

Remarks: Timelines, deferral letters, onsite, etc

I have asked the guys to add a column for permit expiration date.

Amy/Aden,

We're getting feedback that a few companies (AXPC, Cimarex ?? and there may be others) are concerned that BLM is unable to process their APDs due to staffing issues and their O&G Lease may be at risk... Can you let me know accordingly...

Take care and have a wonderful day! :)

This email is in regards to a FOIA request that was received from Jesse Coleman. Attached is the incoming request, FOIA Request Certification and FOIA Memorandum.

There are two important issues for you to consider as you respond to this request.

First, and most important, is if you think you are going to need more time than the due date of **May 3, 2019**, please let me know within a reasonable time. That is critical information that will help me determine in which track to process the FOIA.

Second, please **post all responsive records in a PDF format.**

All instructions are included with the attachments.

*** If there is someone that needs to be included in this FOIA please forward this email and let me know.**

Please let me know if you have any questions.

Please read the details below. We have a FOIA request that most likely only involves the management team. If additional staff need to be included in this FOIA, forward as needed.

If we need additional time to submit a complete response, please let me know as soon as possible.

If you have any questions or concerns, feel free to contact me.

Robert Martin, I am adding you because I believe you were still here at the OKFO during the time frame of May 2017. If you do not have any responsive documents, please complete the certification form and submit using the link provided, or forward to me and I will upload it.

Thank you for your assistance.

Hi Rebecca.

The link to the NM Pub site is not allowing me access to drop the Search Certification.
I've attached the digitally signed form.

I've been searching what I have access to here, just email, network and hard drive.

I hope everyone is doing well, down yonder Oklahoma way.

Thanks.

This email is in regards to a FOIA request that was received from Jesse Coleman. Attached is the incoming request, FOIA Request Certification and FOIA Memorandum.

There are two important issues for you to consider as you respond to this request.

First, and most important, is if you think you are going to need more time than the due date of **May 3, 2019**, please let me know within a reasonable time. That is critical information that will help me determine in which track to process the FOIA.

Second, please post all responsive records in a PDF format.

All instructions are included with the attachments.

*** If there is someone that needs to be included in this FOIA please forward this email and let me know.**

Please let me know if you have any questions.

I did not see any form to be filled out.

Please accept my statement: I have searched through my email and did not find any communication with myself to Mike Nedd or Amy Lueders regarding APD's between March 29, 2017 to May 29, 2017.

Thank you,

This email is in regards to a FOIA request that was received from Jesse Coleman. Attached is the incoming request, FOIA Request Certification and FOIA Memorandum.

There are two important issues for you to consider as you respond to this request.

First, and most important, is if you think you are going to need more time than the due date of **May 3, 2019**, please let me know within a reasonable time. That is critical information that will help me determine in which track to process the FOIA.

Second, please **post all responsive records in a PDF format.**

All instructions are included with the attachments.

*** If there is someone that needs to be included in this FOIA please forward this email and let me know.**

Please let me know if you have any questions.

I am going to Sarah for clarification. When the initial request came through, it was specific to the visit from Amy Lueders and in particular, the OKFO/Amy meeting with Cimarex and any meeting notes and after action reviews that resulted from the meeting.

The FOIA request asks for "all communications between Mike Nedd or Amy Lueders and any staff in the Oklahoma Field office involved with processing APDs." My interpretation would focus on the **communications with Mike or Amy** and **OKFO staff involved with processing APD's**. This would include FOIAable communications, such as email, voicemail, etc.

SARAH, please correct me if I am wrong and provide your insights.

Best Regards,
Rebecca

To Whom It May Concern:

Pursuant to the Oklahoma Open Records Act, I hereby request the following records:

All details, including any documentation and any reporting documents related to the After Action Review conducted by BLM on April 4, 2017, regarding the Oklahoma Field Office's permitting of oil and gas activities conducted by the company Cimarex. BLM employee Amy Lueders was involved in this AAR, and the results were reported to Mike Nedd. This request is being made on behalf of Documented, a news media organization, and we agree to pay all applicable fees.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days.

Sincerely,

Jesse Coleman

Jesse Coleman,

I have received request 71684-82463642. This is a federal government office and all records requests need to be submitted through the Freedom of Information Act, (FOIA) process.

Please refer to the below link that explains the FOIA request process and also includes a tab to submit a request.

Amy/Aden,

We're getting feedback that a few companies (AXPC, Cimarex ?? and there may be others) are concerned that BLM is unable to process their APDs due to staffing issues and their O&G Lease may be at risk... Can you let

me know accordingly...

Take care and have a wonderful day! :)
